TRUSTEE'S REPORT

The Trustee submits its report together with the audited financial statements for the period ended 31st December 2021 that disclose the state of affairs of the Fund.

INCORPORATION AND REGISTERED OFFICE

Application for additional sub fund to the Zimele Unit Trust Funds was submitted on February 11, 2021 to Capital Markets Authority, which the Authority considered and reviewed the executed incorporation documents submitted therewith and was satisfied that they complied with the provisions of the Capital Markets (Collective Investment Schemes), Regulations, 2001. Consequently the approval was granted to register the fund as a sub fund of the Zimele Unit Trust Fund.

INVESTMENT OBJECTIVES

The objective of the Zimele Unit Trust Fixed Income is to generate long term capital growth through investing the members' contributions in fixed income securities in accordance with the provisions of the Capital Markets Act (Collective Investment Schemes, Rules and Regulations 2001).

CHANGE TO INCORPORATION DOCUMENTS

There were no further changes made to the incorporation documents (Trust Deed, Information Memorandum and Rules of the Fund) during the period.

TOTAL VALUE OF THE FUND AS AT 31ST DECEMBER 2021

The market value of the fund as at 31st December 2021 was Kshs1,741,820,625

MEMBERSHIP

Membership of the Fund as at year end was as follows:

ZIMELE UNIT TRUST FIXED INCOME FUND ANNUAL REPORT AND FINANCIAL STATEMENT STATEMENT OF TRUSTEES' RESPONSIBILITIES FOR THE PERIOD ENDED 31 DECEMBER 2021

The Capital Market Act require the Trustees to prepare financial statements for each financial year that gives a true and fair view of the state of affairs of the fund as at the end of the period and of the results of its operations. They also require the Trustees to ensure that the fund manager keeps proper accounting records that disclose, with reasonable accuracy, the financial position of the Fund. The Trustee is also responsible for safeguarding the assets of the Fund.

The Trustees accepts responsibility for the financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Financial Reporting Standards and the requirements of the Capital Markets Act. The Trustees are of the opinion that the financial statements give a true and fair view of the financial statements give a true and fair view of the state of the financial affairs of the Fund and of its operating results.

The Trustees certify that to the best of their knowledge and belief the information furnished to the auditors for the purposes of the audit was correct and complete in every aspect.

The Zimele Fixed Income Fund is an approved Unit Trust within the meaning of Capital Markets Act;

The unit-holders are not liable for the debts of the Unit Trust:

The Zimele Fixed Income Fund is a securities fund investing in fixed income securities in accordance with the provisions of the Capital Markets Act (Collective Investment Schemes Rules and Regulation 2001).

Nothing has come to the attention of the Trustees to indicate that the Fund will not remain a going concern for at least the twelve months from the date of this statement.

ZIMELE UNIT TRUST FIXED INCOME FUND ANNUAL REPORT AND FINANCIAL STATEMENT FUND MANAGER'S COMMENTARY FOR THE PERIOD ENDED 31 DECEMBER 2021

Dear Esteemed Unit Holder,

There are clear indications that the covid-19 pandemic may be waning going by the reduced intensity of the fifth wave. The combination of increased vaccinations and adherence to public health protocols has resulted in a steady reduction in new infections, hospitalizations and even deaths, suggesting the worst may be over. This is welcome news, and should continue to pave the way for a complete recovery of the economy and repairing of personal finances of millions of households that have been adversely affected by the pandemic.

It is now abundantly clear from the disruptive nature of the covid-19 pandemic that the best safeguard against sudden, unexpected and disruptive events is by having savings for emergencies. Whereas it might take a long time before the world experiences another global pandemic of the magnitude of covid-19, financing emergencies will continue to be the main disruptor of personal and household finances. The term "financial emergencies" and "emergency savings" are too broad and could be broken down further into three categories namely healthcare, bereavement and income disruption.

Healthcare emergencies are well understood but should also be based on the possibility that medical insurance covers may at times not be sufficient to cater for healthcare bills for various reasons. Bereavement emergencies relate to financial support to those who have lost loved ones and form an integral part of the architecture of our social support system. Finally, income disruption is where a person's regular income is interrupted either permanently through loss of employment or livelihood, or adjusted downwards through deterioration in business conditions if they are self-employed. Income disruption was a common occurrence after the onset of covid-19 especially to persons in sectors that were adversely affected by the various public health protocols and restrictions, and often resulted in unfavourable adjustments to lifestyle.

From a personal finance planning perspective, the question is whether to separate savings for the three emergency categories or to lump them all together. To start with, it seems that emergencies related to income disruption are more of a personal nature and therefore an individual should actively save towards having at least six months worth of living expenses. Granted, at the individual level is the challenge of raising sufficient savings to meet these emergencies as and when they arise, given the pressure of regular obligations that must be met every month. One of the solutions to meeting healthcare and bereavement emergences is to pool together with family, relatives or friends by forming a welfare group. Regular contributions by members in a clearly defined setting would go a long way to funding these emergencies when they eventually strike. Please visit www.zimele.co.ke/group/ or get in touch with us for more information on how to get started.

Finally, we are yet again in a general election year with the usual anxiety over how the event might affect the financial market. Analysis of past general elections shows that risky assets tend to be affected the most in terms of price movements; risky assets include listed shares and investments denominated in foreign currencies. The price movements are usually influenced by euphoria or fear in the run-up to the elections. Fortunately, general elections do not appear to have an adverse effect on fixed income investments probably because they are comprised of debt instruments with clearly defined periodic payments of interest and payment of principal at maturity. Therefore, interest rates will continue to be influenced by demand and supply factors and liquidity conditions in the market for fixed income securities.

We would like to take this opportunity to thank you for your support and we shall ensure that you continue to enjoy good investment performance and a wonderful customer experience going forward.

MULI DANIELS Audit| Public sector Governance| Advisory

Report of the Independent auditor to the members of Zimele Unit Trust Fixed Income Fund for the period ended 31 December 2021

Opinion

We have audited the accompanying financial statements of Zimele Unit Trust Fixed Income Fund, set out on pages 10 to 17, which comprise the statement of financial position as at 31 December 2021, the income statement and statements of changes in funds and reserves and cashflows for the year then ended, and notes, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the Scheme are prepared, in all material respects, in accordance with International Financial Reporting Standards and the requirements of the Capital Markets Authority.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' Code of ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Kenya, and we have fulfilled our ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements. Key audit matters are selected from the matters communicated with the Trustees, but are not intended to represent all matters that were discussed with them. Our audit procedures relating to these matters were designed in the context of our audit of the financial statements as a whole. There were no Key Audit Matters.

Other information

The trustees are responsible for the other information. The other information includes report of the Trustees, statement of trustees' responsibilities, fund manger's commentary report of the custodian among others. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Financial Statements The Trustees are responsible for the preparation of the financial statements in accordance with the International Financial Reporting Standards and the requirements of the Capital Markets Authority Act and for such internal control as the directors and management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the fiancial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a gurantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

i) identify and asses the risk of material misstatement of financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk is not detecting a material misstatement resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or override of internal control.

ii) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an an opinion on the effectiveness of the fund manager's internal controls.

iii) evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosure made by management.

iv) conclude on the appropriateness of management's use of the ongoing concern basis of the accounting and, based on the audit evidence obtained, whether a material uncertainty exist related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exist, We are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of auditor's report. However, future events or conditions may cause the organization to cease to continue as a going concern.

v) evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal requirements.

As required by the Capital Markets Authority we report to you, based on our audit, that:

i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

ii) in our opinion proper books of account have been kept by the fund manager, so far as appears from our examination of those books; and

iii) The Funds 's statement of financial position and statement of comprehensive income in this report, are in agreement with the books of account.

The engagement partner responsible for the audit resulting in this independent auditor's report is CPA Dorcas Muli-Practising No.2109

Notes

1. Accounting Policies

The principal accounting policies adopted in the preparation of these financial statements are set out below:

2. Basis of preparation

The financial statements are prepared in accordance with and comply with International Financial Reporting Standards (IFRS). The financial statements are presented in Kenya Shillings (Kshs) and prepared under the historical cost convention as modified by the carrying of available - for -sale investments at fair values.

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contigent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on the Trustee's best knowledge of current events and actions, actual results ultimately may differ from those estimates.

(a) Revenue Recognition

The income comprises of interest from fixed income securities. Interest income is recognised on a time proportion basis that takes into account the effective yield on the asset. Divindeds are recognised as income in the period in which the right to receive payment is established.

(b) Investments

The Fund classifies its investments depending on the purpose for which the investments were acquired. The appropriate classification of the Fund's investments is determined at the time of the purchase and re-evaluated on a regular basis as follows:

Investments intended to be held for an indefinite period of time, but which may be sold in response to needs for liquidity or changes in interest rates, are classified as available-for-sale. These are included in non-current assets unless management has the express intention of holding the investment for less than 12 months from the balance sheet date or unless they will need to be sold to raise operating capital.

Purchases and sales of investments are recognised on the trade date, which the fund commits to purchase or sell the asset. The cost of purchase includes transaction costs. Available-for-sale investments are subsequently carried at fair value. Realised gains and losses arising from changes in the fair value of available-for -sale investments are recorded in the profit and loss account in the period in which they arise and are included in other operating income.

Notes Continued

(c) Cash and Cash equivalents

For the purposes of satement of cashflows, cash equivalents include short term liquid investments which are readily convertable into known cash and which were within three months of maturity when acquired.

(d) Financial Instruments

Financial assets

Finacial asset or liability is recognised when the fund becomes party to the contractual provisions of the instrument. Financial instruments are initially recognise at fair value plus transaction costs for all financial assets no caaried at fairvalues through profit and loss. Financial assets are derecognised when the rights to recieve cashflows from the financial assets have expired or where the fund has transfered substantially all the risks and rewards of ownership.

Held to maturity investments are non derivative financial assets with fixed or determinable payments

Impairment and uncollectability of financial assets

The fund asses at the end of each reporting period whether there is any objective evidencethat a financial asset or a group of financial assets is impaired. If there is an objective evidence that animpairment loss on recievables carried out at amortised cost has been incured, the amount of the loss is measured as the difference between the assets carrying amount and the present value of estimated future cashflows discounted at the financial assets original effective interest rate. The amount of the loss is recognised in the profit and loss.

If in a subsequent period, the amount of the impairmentloss decreases and the decrease can be related objectively to an event occuring after impairment was recognised, the previously recognised impairment loss is reveresed either directly or by adjusting an allowance account. The reversal does not result in acarrying amount of the financial asset that exceeds what the amortised cost would have been had the impairment not been recognised at the date of impairment is reversed. The amount of reversal is recognised in profit or loss.

Financial Liabilities

Financial liabilities are initially recognised at fairvalue and subsequently measured at amortised cost. Financial liabilities are derecognised when they have been redeemed or otherwise extinguised. Accounts payables are classified as payables and other accruals if payment is due within one year or less (or if the normal operating cylcle of the bussiness is longer), if not they are presented as Non payables and other accruals. Trade payables are recognised initially at fiar valueand subsequently measured at amortised cost using the effective interest method.

(e) Distribution

All income or loss arising from investment is distributed to unit trust holders after provision of all expenses. All distributions including unclaimed distributions are reinvetsed in unit trust holder's account.

(f) Unit Holder Balances

Unit Holders fund are redeemable on demand at an amount equal to a proportionate share of the unit portfolios net asset values. The balances are carried at the redempton amount that is payable at the financial reporting date if the holder exercised thier right to redeem the balances.

Notes Continued

3 CRITICAL JUDGEMENT IN APPLYING THE FUNDS

In the process of applying for the funds accounting policies, management has made estimates and judgements in valuation of financial instruments are discussed in note 2(d). Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

4 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's activities expose it to a variety of financial risks, including market risk and the effects of changes in market prices and interest rates. The Fund's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize adverse effects on its financial performance.

Risk management is carried out by the Investment Manager, Zimele Asset Management Company Limited which identifies, evaluates and manages financial risks, with emphasis on specific areas such as interest rate risk, credit risk and investing excess liquidity.

Market risk

Market risk is the risk arising from changes in market prices, such as interest rates, equity prices and exchange rates which will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

ii) Interest rate risk

The unit trust is exposed to interest rate risk as it invests funds at floating interest rates and also holds cash deposits with financial institutions. Management closely monitors the interest rate trends to minimise the potential adverse impact of interest rate changes.

iii) Operational risk

The fund is exposed to operation risks such as lawsuits and fraud risks since it deals with the public.

iv) Business risk

The fund invest in stock and bonds therefore exposed to business risk should the issuer go bankrupt, the fund managers closely monitors the business risks.

The Fund has policies in place to ensure compliance with international best practice in corporate governance.

v) Foreign exchange risk

Foreign investment involves exchange of currencies inorder to purchase foreign stock, there is risk if
